

# Everyday We Sick

Lil' Wayne

Everything was meant, everything was meant  
I took a L, what comes after L? My nigga, Ms  
The AK with the twins, that's Mary Kate and sis  
My shooters, they don't miss, fade away then swish  
Dedication 6, and everyday we sick  
Treating medication scrips like some Revelation scripts  
I thought yesterday we quit, but you know, every day we spent  
Then we celebrate the win like we'll never play again  
Why I just talked to my hitman, he say that he made a list  
Nigga always breaking in and he never leave a print  
And I never shaved a brick, ok, now I'm talking shit  
Where that baking soda mix? Raise my Arm & Hammer fist  
And my yellowbone, she thick, and her belly don't exist  
And she never saw the gym, she stay healthy 'cause she strip  
Doing very late events and I never paid a cent  
Pussy never leave a scent, Toni Braxton, breathe again  
Every day, all week, we lit, you know every day we sip  
And we having steak and shrimp, with some naked waitresses  
Told that bitch to bring her friend, you know that we make 'em kiss  
She know if it's going down, I keep a elevator lit  
Now where the elevator music? Yeah, they better play the hits  
I can serenade a bitch, you interrogate a bitch  
If we interrogate that bitch, we be like "Where that safe at, bitch?"  
Put that barrel to her tits and if she hesitates, that's it  
I need that combination, bitch, cause I don't got no patience bitch  
I hate to do it, but the line between love and hate is thin  
You know every day we win, you know second place ain't shit  
You know that we take the kids, just like Freddy, Jason, IT  
You know that we spray and dip; 1-8-7, 86  
While you eating bacon grits again while police taking tips  
You know every day we drip, dripping wet, Mercedes-Benz  
Dripping wet and glazy clit, you know every day she drenched  
This that Dedication 6, you know everyday we sick  
Give me wet, a life, a gift, catch a body like a Lyft  
This that Dedication 6, if she starstruck, make a wish  
I tell her pussy take your lick, I'm big-headed, make it fit  
You know everyday we sick

That's some sick shit, oh  
Shoutout Young Money!  
You know everyday we sick  
That's some sick shit, ohh  
My nigga Mack Maine  
And that's that Dedication 6  
You know everyday we sick  
And you are just a patient, bitch  
It's that Dedication 6  
You know everyday we sick  
And that's some sick shit, yeah  
Yeah, yeah yeah yeah  
That's some sick shit, yeah  
Yeah yeah, yeah yeah  
That's some sick shit, yeah

You know everyday we sick
