

# Get Off the Corner

Lil' Wayne

The block is hot, the cops is swarmin' a neighborhood heavy  
While niggas off in the neighborhood sellin', with penitentiary chances  
The dope roped up in the cup of their pants  
Fiends flock like ? come get this candy  
I got heroin in bundles, them Highland O's  
Plus a cooked slab, chopped up, dimes is swell  
If I spot the laws comin', hey its time to roll  
Candy Carter got a line of parole, Outta control  
The first fell a Tuesday this month oh sweet thang  
Plus it's a sweet day, me next score for three days  
One time they say what you mean, I gets the green  
Break up the block like Maurice Green, ya feel me?  
In my predicament I'm guilty until proven innocent  
Hustle ridiculous, I'm tryin to get this dope continuous  
Ball til I fall, one thing, I ain't tryin to fall  
Want everybody numb like ambasol  
But he heard

Uh oh  
There go them fuckin' po-po's  
And if you know like I know  
You better get off the corner

I'm a young dog, wild and ecstatic, violent when passin  
hem gangstas doin time in a parishment, role models  
And keep ya cup, we drink whole bottles, and cuss at niggas  
Like fuck that nigga, I let my pump subtract niggas  
You beef with me I guarantee your mams be missin  
With a note behind demandin three chickens or she gets it  
Do not twist because lil man is trippin  
They could have ya body in three different places  
Ain't nothin' gravy, but save it  
Cause I'm a ride and hit the nigga street  
Weezy go to war like Sadaam and Clinton disagree  
While I'm shitty from the weed  
Like were them bustas be  
I promise ya never fuckin sleep, I clear the set  
Come outside late at night to your surprise I'm here with Tecks  
Two shots knock off the niggas necks, it's so realistic  
So I hope ya get it, or else them shots poke ya fetti  
Be on the block until them souljas hit it  
That's when he heard

Blocka  
Me come to tear your block up  
If you don't want no problems  
You better get off the corner

All right, I cook it, cut it, ship and move it  
I make a livin' in this crooked public distributin  
Just take a peek around, the hood is floodin', shit is boomin  
The hottest D in town lookin' for me hit me Tuesday, like after six  
See I crack the bricks right down to Z's  
Got pounds of trees, my blocks blazin' qp's to ki's  
Gangin' in the cheese, them bricks is comin'  
No droughts I don't sit on nothin'  
I don't believe I'm frontin'

If I give you a dime, I leave with somethin'  
The big dog, Nigga I got the city under siege  
And the law don't bother me, I give the pigs a couple of G's  
Shit, I hustle strong to push this work through the streets  
I'm tryin' to deal with every nigga, and sell the birds up cheap  
I'm greedy, if there's any money bein made from drugs I need it  
Twenty bricks two weeks completed, you can't beat it  
Whatever you want, holla at me when you need to get it  
Does anybody else, I'll pay em a visit  
That's when ya heard

Come here peeps  
I'm hearin' that you run these streets  
You don't want beef  
Then get off the corner
