# Headlock

**Lil' Wayne**

Pull up to the house in something you can't pronounce
All of my chains is out
Foreign lil' bitch, I'm learnin' her language now
I know what her name is now
But that ain't important
If he ain't gang, we extort him
I keep my brain on my quota
I do the dash; I won't see planes from the motor
Stay in your lane and get over
Beep, beep, beep, beep, all of these bags I'm a hoarder
All of this activist, movin' as fast as a tortoise
Been ballin' since way back, back, back
Me and Lil' Rich we've been ballin' since National Mory
I treat the cash like its garbage
The greener the grass in the garden
I'm plantin' a forest
Red as the ants in the army
Your bitch gon' get F'd like a test
She got class in the morning
Moonwalk, let the jewels talk
Got sticks, got racks, no pool balls
Don't think I won't shoot 'cause I'm a superstar
I could shoot for the stars at a shooting star
I could walk it like I talk it with my shoes off
Soft chinchilla in a villa that's too hard
Fuckin' on a lil' bitch, said her boyfriend a crip
Cut her off, if she try to give me blue balls
She-she twerk one booty cheek, she twerk one booty cheek
She twerk both booty cheeks, it go boom boom
I got one hoe with me, she got someone for me
Let me take off this red and get blue on (Mm)

Oh lord, oh lord (Yeah)
