

# I Like It

Lil' Wayne

I sit here alone everyday  
Everyday at my window, my living room window  
Thinkin' 'bout you  
I watch the kids as they play  
What happened to Nintendo? Where did it go?  
No time for video games, no time for SEGA  
Oh no, but I'm in space  
I don't know if it is this girl face  
Or how she taste, but I like it

(Good God)  
I don't know, I don't know, I don't know  
I don't know what I got myself into

(Good God)  
I don't know, I don't know, I don't know  
I don't know what I got myself into

But I like it, ooh I like it  
When you doin' it, how I like it  
So keep doin' it, how I like it  
Cause I like it, ooh I like it

I like sex in the mornin', I like sex at night  
I like sex on the weekends, is that alright?  
Alright, alright, all night, alright?  
Come on, I got shampoo chilled  
Took off her dress but kept on the heels  
Damn baby, you so exotic  
Holler my name loud when I'm inside it  
No shame, I ate her pride  
Tickled the pearl tongue and came up smilin'  
Two dips a dip, and now we ridin'  
Bed to the sink, sink to the shower  
Back to the sink, back to the bed  
It's 3:45, now I'm gettin' some head

I get cold, I get goosebumps  
And I head out the door, that's similar to her name  
I'm so cold, but with her, all alone  
I'm so high, I'm nearly hittin' the flame  
She told me her name is Crazy  
And I said "Hi, they call me Insane"  
Crazy and Insane is so high up in the tree  
F.U.C.K.I.N.G

I don't know, I don't know, I don't know  
I don't know, I don't know what I will do  
I guess I, I guess I, would just die  
Go to Heaven and wait on you

Ooh, I think I like you  
If you was a poem, I would recite you  
The bed could be our ring, I wanna fight you  
Put my key in your ignition, let me ignite you  
The cops keep comin', the cops keep comin'  
To my front door like I'm trynna do somethin'

They don't understand that I'm involved with a woman  
That love to make noise when she feel it in her stomach  
I'mma have to talk to the neighbors  
Matter of fact, let me take a walk by the neighbors  
I don't know what the hell wrong with the neighbors  
And what they expect when an animal is matin'  
Knock on the door, like chicky-chicky-check it  
Life is a party, don't ricky-ricky-wreck it  
Y'all will call the cops and report a domestic  
When I'm just trynna kill a problem called erection  
Head in the coupe, call it sex on wheels  
I'm a big dude, I treat sex like meals  
She ride me for breakfast, I'm on top for lunch  
And behind her for dinner, for dessert she say "yum"

I sit here alone everyday  
Everyday, everyday in living room window  
I watch the kids as they play  
What happened to Nintendo?  
No time for video games, no sir  
No time, no time for SEGA  
I don't know, I don't know, I don't know  
I don't know what I got myself into  
But I like her, I like her, I like her  
And if she leave, I don't know what I'll do  
I do know, I'd go to Heaven  
And darlin' I'mma wait on you

I like it (Say what?)  
I like it (Say what?)  
(Say what?)  
Yeah, baby  
She likes it  
She likes it  
She likes it  
I'm a R.O.C.K.S.T.A.R  
Young Mula, baby  
She likes it  
And she likes it  
Cause I do me, how she likes it  
I'mma do me, how she likes it  
She know I do her, how she likes it  
I'mma make a movie  
I'mma make a movie  
I'mma make a movie  
I'mma make a love  
I'mma make a love movie  
I'mma make a movie
