

# Itchin

Lil' Wayne

Uh, she say my dickhead need a crown on it  
She say my cum tastes like holy water  
She say she get hiccups just thinkin' of me  
I said next time bring your drinkin' buddy  
I told her, this that dedication 5  
And anything else is a consolation prize  
I said I'm cumming she say take your time  
Yeah, I told her take her drawers off and she says I ain't wearin' none  
I asked her who this pussy for, she said ransom  
And when she says "I Love You", I say shut up take this dick  
She treat me like a God and tell her man she atheist  
And then he calls with all that bitchin', who is this?  
She busy, call her later, now we switchin' positions  
We in here getting creative  
I put Champagne on her titties  
Then sip it out her naval, boy  
I live in, pussy  
Let me speak to my neighbors I say  
Clean the puke off of the toilet bowl  
Treat the pussy like revolving doors  
Ran outta rubbers at the corner store  
She in my ear, like what you want them for  
Well give me brains since you a smart aleck  
Fuck her all night and don't smell her  
Open her mind like a watermelon, haha, you jealous

I told her take her drawers off and she says I ain't wearin' none  
I asked her who this pussy for, she said ransom  
And when she says "I Love You", I say shut up take this dick  
She treat me like a God and tell her man she atheist  
He on that phone with all that bitchin', who is this?  
She busy, call her later  
Now we kissin' we twisted  
My dick in a tornado  
She say hit it, I hit it  
I hit it raw like yayo  
I admit it  
(That fuckin' corner store man)  
Uh, we makin' love like money  
Yeah, yeah, like money  
Like money  
Told her this that Dedication 5  
Dedication 5  
I killed that pussy, it came back to life

I told her take her drawers off  
And she said why you playin' dumb?  
I asked her who this pussy for, she didn't answer  
And she say ew, I love you  
I said shut up take this dick  
Would tell her say my name, but I gave her an alias  
And oh my god she swallowed triggers  
She gripped with hand that rocks the cradle  
I'm so liquid? What is this?  
This here a Dedication, it was scripted  
Predicted, and shout out to my skaters  
Boy, I live in pussy

Let me speak to my neighbors  
I say
