

Kamila

Lil' Wayne

Ahh-uhh

Cum on Kamila, cum on Kamila
She got a tongue like a fuckin' chameleon
Suck the dick, swallow the paraphernalia
She 'bout to swallow a whole la familia
Cum on, cum on, cum on, cum on Kamila
She got a tongue like she fuckin' reptilian
I'm hard as fuck, heard this bitch equilibrium
Cum on her face, that's just memorabilia

Cum on Kamila
I make it rain on her like a Floridian
Her baby daddy, that nigga a idiot
I gave her magic and then disappear
And her man threw the Patek, the Richard look prettier
Maison Margiela, she call it "Margelia"
Cum on Kamila, fuck on her period
Baby I'm yours 'til I cut the umbilical, gone

Bad bitch in the Hollywood hills, I got molly wood thrills
I got lean withdrawals, substitute it with the pills
Give me head in the car, throw it out behind the wheel
Know well, I don't know how to deal, shawty real, shawty real (Yeah)
La-Kamila, tongue like a lizard how she licked it up
If it go down, I bet she get it up
She gon' sell her soul for them Dior Chuck's
She gon' bust it open in a Rolls truck
You ain't got no hope left
I was like "whoa, Kemosabe"
They got plenty hoes in the lobby
Can't hop out the Mazi with a thottie
I got Percs, I got molly
Baby, you get perks when you poppin'
I come from the dirt, from the bottom
Bitch, twerk, I got options
Mi casa, su casa, that's for my masters imposter's
No room for imposter's, gotta run for them dollars
Got P's and went straight to the college, I'm gone

Cum on Kamila, cum on Kamila
Her mouth look like a bowl of milk with no cereal
I put my spear in her like I'm Nigerian
Now she bi-curious, Ellen DeGeneres
Tunechi from Hollygrove, fuck 'til she comatose
Take off my 'Sace robe, fuck on my ironing board
Fuck in my skate park, cum on her face scar
Hol' up, wait for it, "boom" like a napalm
Fuck her for some Hermes, dick all in her cervix
She call me nobody 'cause she know nobody's perfect
Got her pussy with a purpose, I eat it like some Churches
I skeeted then I squirted, then I "arrive" to the "derci"
Bitch, take your fuckin' pants off, shake your fuckin' ass off
Suck it with your hands off, deep throat, can't cough
Tunechi out in Hollygrove, hit her with the dinosaur
Limpin' like her body blowin', drippin' like a snotty nose
Tell me how you love that, cum for me I'll bust back

Tell me where to cum at, ooh
Where my thumb at? Ooh
Every time she cum, she cry, that's a fun fact, ooh
I got somethin' for her eye, that's a cum-tact

Cum on Kamila, cum on Kamila
She got a tongue like a fuckin' chameleon
Suck the dick, swallow the paraphernalia
She 'bout to swallow a whole la familia
Cum on, cum on, cum on, cum on Kamila
She got a tongue like she fuckin' reptilian
I'm hard as fuck while I'm high, equilibrium
Cum on her face, that's just memorabilia
