

# Lose

Lil' Wayne

Ooh-ooh, ooh, ooh-ooh  
Ooh-ooh, ooh, ooh-ooh

I'm gon' need therapy  
'Cause you're not here with me  
Light me up like amphetamines, yeah (Yeah, yeah, yeah)  
I don't do guarantees

I, I, I-I  
Wish I could lie

You got me fallin' thinkin' of you (Thinkin' of you)  
But that's the one thing I shouldn't do (I shouldn't do)  
I, I know the truth (Know the truth)  
I, I know that you're just one more thing to lose

Uh, she loves me, she loves me not, patience, I'm runnin' out  
Walkin' all over me, made me her stompin' grounds  
Baby, you fucked around, gave me the run-around  
Makin' me wonder how crazy and dumb I sound  
Takin' me up and down, baby, I'm comin' down  
I'ma need some extermination, I'm buggin' out  
Stay for another round, maybe she'll come around  
She gon' have me turnin' in my grave when I'm underground  
Sore loser, I saw you with him, I almost threw up  
Don't shoot her, don't talk to her  
There's plenty fish in the sea and I'm a shark, bitch, like Mark Cuban  
You got me fallin' for you  
With no wings on, no parachute  
Bring a star back for you  
They say love's a lost art  
I draw that for you and I fall back for you

You got me fallin' thinkin' of you (You got me fallin')  
But that's the one thing I shouldn't do (The one thing that I shouldn't do)  
I, I know the truth (Know the truth, I know the truth)  
I, I know that you're just one more thing to lose

I be actin' out, I know, I know  
When I stare at you, I lose control  
And I'm hopin' you're not psychic (Psychic)  
Hotter than the devil but you're righteous (Yeah)  
I'm addicted to the whole of you (Whole of you)  
Calling 'cause I needed more (More)  
Stalling 'cause you know I fall  
My whole demeanour and all, the fact of me losin' you (You)  
Comparin' and stuck in a loop (Loop)  
Grow old 'til there's nothin' to do (Do)  
I'm alone in this space and my story is endin' with you

I, I, I-I  
Wish I could lie

You got me fallin' thinkin' of you (You got me fallin', You got me fallin')  
But that's the one thing I shouldn't do (I shouldn't do, The one thing that I shouldn't do)  
I, I know the truth (Know the truth, I know the truth)

I, I know that you're just one more thing to lose

I'm gon' need therapy (Oh, no)

You naked next to me (Oh, oh, yeah)

Light me up like amphetamines, yeah (Yeah, yeah)

No, I don't do guarantees (Guarantees)

I, I, I-I

Wish I could lie
