Low Down

Lil' Wayne

No Ceilings 3, Lil Wayne

Go to war with your whole community
Go to war for these hoes, that's lunacy
I done lost all control of the goon in me
Chopper spark like it's electrocuting me
Pop a bar, sip some barre, smoke some Buddah weed
Pop it off, we can start the buffoonery
Only eat what I kill and watch who I eat
Normally pay for my meal, I'll kill you for free
No Ceilings 3

Tired of these strippers, I'm going at nurses
She write me prescriptions, she light up medicinal
The conditional critical, might need a physical
Cold as a hospital, warm and hospitable
Tommy gun extendo long as a tentacle
I got this octopus on me, it swim with you
I bring apocalypse straight to your living room
Tony the Tiger, you flaky, you cereal
My life a movie, get head underwater
We fuck in my pool, that's chlorine in her pussy
Codeine make the drank bubble like a jacuzzi
Codeine make it pink, something like a petunia
My baby whip faster than mine, she splurging
My baby sip glasses of wine, sip yurple
Take off that mask, bae, your smile don't deserve it
Take her to Belgium for waffles and syrup
Might take her to Paris to buy a few Birkins
They tryna put me in the can, she nervous
Bae Ima man I don't mind I'll serve it, just pray for your man pray your hon or have mercy
She never leave me, she so down
She hang with actresses, don't even go out
I'm changing my status, I'm changing my profile
Changing my addy, I'm changing my doorknobs
I ran through the pack like it's inches on fourth down
Pour me some Actavis, I watch it pour down
I drip every day just to stay in my own house
A nigga just trying to stay out the courthouse
Cullinan foggy, I'm smoking the loggy
I'm too high to argue, I'm too rich to bargain
That pussy my target, I look at my target
That pussy get soggy, her legs are wide open
Her tongue out like Jordan, cum on my Rick Owens
And cum on my Jordans and now I'm tiptoeing all up in her garden
And now her clit sore, I'ma rub on it for her
No Ceiling, nigga, hey
All of my hoes give facial, all of my hoes give fellatio
All of my hoes sensational, all of my hoes interracial
All of my hoes into gay shit, all of my hoes is persuasive
All of my hoes get a date, all of my hoes get 'em wasted
I be right there when you wake, and all of my hoes getting raises, Mula
She never leave me, she so down
I hang with capitalists, don't bring the broke 'round
This automatic a dummy a moron
I make it rain, clear it out like Boban

Run through the pack like inches on fourth down
Pour some Actavis, I watch it pour down
I put on drip every day, it's a showdown
She blew my ceilings away, that's a blowjob

I'ma blow up your community
Go to war for these hoes, that's lunacy
I done lost all control of the goon in me
Chopper spark like it's electrocuting me
Pop a bar, sip some barre, smoke some Buddah weed
Pop it off, we can start the buffoonery
Only eat what I kill and watch who I eat
Normally pay for my meal, I'll kill you for free
No Ceilings 3
