

# Off The Docks

Lil' Wayne

This shit right here  
Bout to shut down the whole 4 Quarter  
Young Money, LilWeezyAna  
And I am (Raj Smoove)  
(The greatest DJ in the world!)  
Capo, what up

Nonstop  
Youngun all around the clock  
Watch you need? Get it fresh off the docks  
It don't stop  
Uhuh, I won't quit  
Say blood, you talkin money?  
Then umm, count me in  
Nonstop  
Youngun all around the clock  
Watch you need? Get it fresh off the docks  
It don't stop  
Uhuh, I won't quit  
Say blood, you talkin money?  
Then umm, count me in

Look  
I hustle silk  
Like I sell satin  
And these niggas hustlin backwards  
Like Pig Latin  
Dear Captain  
I'm too fast for these fucks  
Man, the only time I see 'em  
Is when I'm passin 'em up  
That's right  
I run laps around the block  
For the guap  
All I need is a gunshot  
And a watch  
I see the finish line  
I've seen it plenty times  
Them niggas been behind  
Them niggas spittin rhymes  
For me it's business time  
Yea, love and hate  
I walk the thinnest line  
And I point a AK  
Right at the witness line  
I'm on the paper chase  
Fuck what they say  
The only date marked on my calendar is payday  
And you could never get it free like AJ  
But I could get you more keys than Dre Day  
All I do is call Capito Bergante  
I just gotta call Capito Bergante

I never stop grindin  
Even if Simon  
Said it  
I'm tryna clean up like an edit

And if anything comes in town we let it  
If not we get it  
And put your life on credit  
Jetted  
Up the block  
Did the cop  
After the kid  
With the rock  
In his sock  
Fuck the neighborhood watch  
As soon as enough money is in my knot  
I'm yellin "Who got them keys"  
Like the game's on lock  
My aims on, I'm locked  
Like I spot  
But my eyeballs are gunshots, they pop  
Outta my head  
When you show me the bread  
And I bet I could get a chicken  
If you sold me an egg  
Have ho's walk the strip  
Like they owed me a leg  
And it's money over bitches  
No Al and Peg  
Bundy  
And on Monday  
I ain't thinkin bout Tuesday  
Cause anyday could be my doomsday  
I'm a hustla

Shit yeah  
Money machines  
Big stacks of money in jeans  
Never ridin on teens  
These is grown folk  
That I'm sittin' on ho  
Fuck with a President  
Like Marilyn Monroe  
Evidence won't show  
What I really know  
Forealla  
I'm a gorilla  
And they're billy goats  
I'm rare with the flow  
I'm air with the flow  
That mean I'm  
Here  
There  
Everywhere with the flow
