

## Peanuts 2 N Elephant

Lil' Wayne

What up, though? All my niggas cutthroat  
Cut a nigga head off, he lookin' like he fumbled  
Smokin' like double-dutch, all you niggas jump rope  
Syrup in the double cup, fruit punch like Knuckles  
All my niggas up, though  
Bands on bands in my pants, that's a drumroll  
Elephant memory, but I can't remember her, though  
All my bitches' butt grow  
Monkey on her back like Michael Jackson and Bubbles  
Tunechi on the track and I'ma have to go Dumbo, they gon' go, "Uh-oh"  
Elephant in the room, but I came straight out the jungle  
Gun so fuckin' jumbo, big-face hundos  
My bitch got an elephant booty, not a rump roast  
This that gas-mask face, ashtray, gun smoke  
Niggas with the mad face, smash face, snub nose  
I ain't Snuffleupagus, but you could get snuffed, though  
The gun go-

Talkin' all that shit, it's irrelevant  
You niggas just peanuts to an elephant  
I'm the wrong elephant to fuck with  
You know I'm the type to pop the trunk quick, yeah  
Pop the trunk, pop the trunk  
All-red elephant, bitch, Donald Trump  
But I still act a donkey like ha, what's up?  
Run up on this elephant and I'ma pop the trunk

Ooh, ooh, tell a opp it's up too  
Run his fuckin' mouth, I knock him out his running shoes  
Eat a woman out and kick her out my lunchroom  
Ooh, she got junk in the trunk, that's my junk food  
Walk like an elephant, talk like a president  
Sharp like my etiquette, a sword, or machete shit  
I walk like a veteran, walk for my brethren  
They soar like a pelican, they soft, I seen aliens  
I'm sure, may need evidence, I cough, I need medicine  
Go hard like a Mexican, they soft like some gelatin, they delicate  
Peanuts to an elephant, make peanut butter jelly then  
Stalkin' like a predator, piranha on a jellyfish  
On your belly, bitch  
Face down, ass up, I need leverage  
Numbers don't lie 'less it's 'bout her measurements  
You used to be a skeleton, now she an elephant

Talkin' all that shit, it's irrelevant  
You niggas just peanuts to an elephant  
I'm the wrong elephant to fuck with  
You know I'm the type to pop the trunk quick  
Pop the trunk, pop the trunk  
All-red elephant, bitch, Donald Trump  
But I still act a donkey like ha, what's up?  
Run up on this elephant and I'ma pop the trunk

Pop the trunk  
Run up on this elephant and I'ma pop the trunk  
Pop the trunk  
All-red elephant, bitch, Donald Trump

Pop the trunk  
All-red elephant, bitch, Donald Trump  
But I still act a donkey like ha, what's up?  
But I still act a donkey, bitch, ha, what's up?  
Pop the trunk, pop the trunk  
I'm a red elephant like Donald Trump  
But I still act a donkey, bitch, ha, what's up?
