Please Don't Go, Go

Lil' Wayne

I am a fighter, I keep on moving on
As if there's nothing standing in my way
I keep on longing, I keep on coming back
For more, our last night is ending
Let's keep on dancing, let's keep on moving on
As if there's nothing preventing the new day
From tears of crying, let's keep on living
More and more, no baby please don't go go go go go

Don't let me go
No no no oh, please don't let us
Go, I wanna know
You wanna go, please don't go go go go go
Don't let me go
No no no no
Please don't let us go, I wanna know
Why do you wanna go, oh baby please don't go go go go go

Give me a hundred bricks and I'm outta here
Word to Hollygrove, I'ma get him outta here
Serving hydro, cane in the pot
We smell like fruitostic like snot
Yeah, fuck them I'm hot
What where when, nigga? I been there nigga
Yeah, that's right, what's your cook game like, ma?
Fuck up the night and get the hook left, right, ma
Come on, push that white, nigga
Bring it round here, we 'bout it tonight, nigga
Check if these icy niggas is sheisty niggas
Got the burners and the wraps on 'em, others ops on 'em
I'm out wilding, baby pray for him
Don't cry for him, wait for him, keep the lights on
Have him close off bitch, it's been a long day
Tomorrow morning back at it, bitch first thing
Yeah

Don't let me go
No no no oh, please don't let us
Go, I wanna know
You wanna go, please don't go go go go go
Don't let me go
No no no no
Please don't let us go, I wanna know
Why do you wanna go, oh baby please don't go go go go go

Oh (let it go, let it go, let it go)
(Let it go, let it go, let it go)
Go go go go go

Original, a lot of style, boom, pow
Blowing on the pound, wa pow pow pow pow
Way up in the clouds, misbehave with flave
Now lemme show you how to maintain (go)
And sustain as I crush game
Smooth as silk with a little bit of kush, mane
Plush game, lavish living
Bust on the pigs with bad intentions

Smoke dope, go for broke, Young Loc
The homie said 911 is a joke
And I believe that, so I protect and serve
Every nigga on the block, that's my word
Cadillac driving, stack and providing
Listen to the sounds of the sirens
I'm a OG nigga on a mission
Beans don't burn in the kitchen
I'm twisting, while dipping and cripping

Don't let me go (well, let me show you how)
No no no oh, please don't let us
Go, I wanna know
Why do you wanna go, oh baby please don't go go go go go

Oh (let it go, let it go, let it go) (yeah yeah, that's right)
(Let it go, let it go, let it go) (listen to the sounds of the sirens)
Oh (let it go, let it go, let it go) (yeah yeah, that's right)
(Oh baby please don't go go go go go)
