

# Psycho

Lil' Wayne

Psycho, you got me psycho  
Baby come at me I'm not backing down

I never knew the girl would have me out here trippin'  
I thought I was different, I thought I was pimpin'  
I thought I was whippin' till that pussy whipped me  
I fell asleep in it like Whitney  
I go hard for my baby, psycho ward for my baby  
Swipe that card for my baby, body guard for my baby  
Bobby Brown for my baby, lock it down for my baby  
I knock that pussy out then I growl for my baby  
Even psycho's need love too, I save all her text messages  
I smell her panties while she in the bathroom  
And taste whatever she left in them  
I take pictures of her when she not lookin'  
Study 'em microscopically  
Marry me and then bury me and then bury her on top of me

I'm psycho, you got me psycho  
Baby come at me I'm not backing down

Girl I'm so crazy for you, I left my old lady for ya  
Now she done went crazy, you know she be hatin' on ya  
Say she gon' be waitin' for me, but she gon' be waitin'  
'Cause she know I'm crazy 'bout you  
You got me all psychotic, girl I'm your patient  
I'm just tryna kick it with ya, but I don't even know karate  
But I know crazy  
Crazy bout her attitude, crazy bout her shampoo  
Jealous of her shadow dude, I'm crazy  
Crazy bout her vaginal and every other avenue  
Jump without a parachute, I'm crazy  
Shoulda said I never do, if she says pleasure boo  
Then it's my pleasure boo, you ain't gotta never move  
Lookin' all edible, and I'm ready when you're ready to  
You already knew  
Girl you already know I ain't never lettin' go  
I ain't never lettin' go  
Addicted to your love a motherfucker need a Betty Ford  
Your gon' have to cut me off with a sword  
And if you ever leave me I ain't leavin' nothin' but a note  
While I'm hangin' from the second floor  
And when you don't come home then its vroom vroom vroom  
Nigga ridin' round checkin' doors, oh lord

Psycho, you got me psycho  
Baby come at me I'm not backing down

I never knew a girl would have me out here trippin'  
I thought I was different, I thought I was pimpin'

Psycho, you got me psycho  
Baby come at me I'm not backing down  
I thought I was different, I thought I was pimpin'
