

# Run

Lil' Wayne

'Ayo Pitt we got one?'  
'Call Pitt if you need a hit'

Shit  
One for the hurt, Run for the hill  
But one from the hammer a get a nigga killed  
Fill a nigga up, dinner is for real  
We gon hit a nigga up, and split a nigga meal

He gon snatch, what chain, off who? (Not me)  
Ion think a nigga wanna make the news (TV)  
You can't try me like a goof I keep a tool (Blicky)  
Ima rockstar and I dropped outta school (bitch please)

Ima young nigga, I ain't got sense but I ain't dumb nigga  
I just gotta keep a blick you betta not run  
If you do you betta not slip whoever run wit em  
We them niggas that they fearin

First things first, I'm from the east side of Tampa  
I felt my share of pain, it was hard for me to handle  
Put my nigga in the dirt, it was a very hard December  
And he was dissin on my brother now his mama lightin candles

Go lights camera action, bero bullets my new fashion  
If we hanging out that window me and bro gon make it happen  
Off this perc I'm kinda aggravated, I just get to clappin  
But my lil nigga he be tweakin, ain't got sense he get to blastin

One for the hurt, Run for the hill  
But one from the hammer a get a nigga killed  
Fill a nigga up, dinner is for real  
We gon hit a nigga up, and split a nigga meal

If you do you betta not slip whoever run wit em  
We them niggas that they fearin

Yeah, if niggas actin how they feel  
Then I pull it out the jacket get to clappin like a seal, yeah  
Kidnappin the lil ones, throwin bitch niggas off the back of the building

I hope you know how to fly, and sincerely  
I would do the same thing to everyone you live with  
Everything you stand for send it to the heaven sky  
Weezy F baby boy, get it right everytime
