Lil' Wayne

All I have in this world  
All I have in this world (what up blood)

They know where carter at straight off the launching pad  
Marching on the moon motherfucker I been to Mars and back  
Cleaner than laundry mats  
Jumping in something from other countries companies junkie you cannot  
order that  
I flew that into the water back order  
Go to iraqget a car with  
And tell them crackers war with that  
All I need is an automatic tick boom  
I'm a goon I go zoom  
Smell the fumes from the vrooms  
Young toon in the room gimme room  
All you doomed I am soon  
To get all my chips and the blooms  
I would never be another groom  
Unless I assume the bitch ain't giving up the womb  
To him and whom  
M.o.b. let me boom let me boom  
I pop early like firecrackers in the last week of June  
I'm getting my lunch like noon I gotta eat  
Scarface with diamond teeth (hah)

Nobody knew my name they only knew my face

Nobody knew my name they only knew my face  
On the for reala my nigga just call me scarface
