Collegrove 2, shame on you
I will leave your homie brains on you, then aim for you
Wayne and 2 Chainz goin' Wu-Tang on you
All we need is a track, and we run a train on you, choo
Snap, crackle, pop, don't worry, it's lobster tail
The bezel on the watch cost more than the watch itself

You just like a pimple 'til I make you pop yourself
Five star, bitch, I got bars like a phone that just got charged
So like Bruce Willis, I die hard
My God, you catch feelings, that's my fault
Feelings hurt, I put them on I-R
Drop off in R times R, not four
But I'm sure, that the shit I wore was Tom Ford
Keep a shotgun on me like I love the great outdoors
Pockets fat as fuck, look like they need to get out more, bars
