Lil' Wayne

Huh

South Beach, Spring, California, Autumn, Winter  
I ain't talkin' shit, I'm garglin' the toilet water  
Ballin' harder, Glock 40 on me, that's the party starter  
In the cell starin' at the bars like I'm on the charger  
Came out at a hundred percent, money to spend  
Nothin' to lose and somethin' to win, once and again  
Jump in the pool with her and her friend, none of us swim  
Bussin' the moves like bumps on her skin, nuts on her chin  
Fuckin' with Tune just doesn't make sense, gun in my clench  
Gun is so huge, I can't tuck it in, it's cuttin' my wind  
Chuggin' the juice, my cup got a twin  
This one is for Pimp, this one is for Screw and this one is for Nip  
Pour out and sip  
Bubble gum cookin' banana leaves flip, Nevada heat list  
Champagne, Tropicana, sweet blend  
Cabana weekend  
Bitches tannin', poppin' Xannies, deep end  
Barely blinkin', twirlin' on the dick like ballerinas  
And balance beamin'

Y'all niggas like extra skin on my dick  
Y'all niggas like extra skin on my dick  
And y'all bitches look excellent on my dick  
Y'all bitches go equestrian on my dick  
Go extra-terrestrial on my dick  
Head spinnin' like the Exorcist on my dick  
Y'all niggas like extra skin on my dick  
Y'all niggas like my exes still on my dick  
Y'all niggas like extra ticks on my shit  
Don't slip on this banana, could get y'all ass split  
Hella bullets and an extra link, full as clip  
Trigger puller with an extra strength, good ass grip  
Y'all niggas like extra skin on my dick  
Y'all niggas die, X'ing 'em off my list  
Y'all niggas like lesbian, y'all might kiss  
Y'all niggas like protection, nigga, y'all might slip (Bah)

Same one summer, Suede winter off  
Talkin' prices, goin' back and forward like a tennis ball  
Talkin' business, guns start ringin', that's a business call  
It's only business, take a nigga chain like it's his business card  
Clips extended, hangin' out the banger, that's extension cards  
He's a pussy, he can't do a thing, now that's just menopause  
Bitch made and I'm the switchblade that's sharper than a sword  
I gotta stay up, 'cause who gon' catch a blade when it fall?  
Politickin' in the penthouse like it's the Pentagon  
And we feedin' sharks on the yacht, throwin' niggas off  
Can't believe the thots ever thought they'd threw a nigga off  
Archer greens, sparks red dots glowin' in the dark  
Heavy is the head that wears the crown, and all my pillows soft  
Talkin' all that gangsta shit, I love this sound of pillow talk  
Steady is the hand that whip around the pot, I'm kitchen smart  
Becky give me head, open her so wide, I hit her heart  
Becky give me head, and use no Uzi, that's for intercourse  
Becky give me head, and use my pubic hair as dental floss  
Then of course, I put on all red, hop up in a Porsche

Fast lane, it's a man's game, meet me center court  
In this sport, twenty-four seven/24/7 no 8, nigga  
Mamba mentality but we ain't got no snakes with us  
They slither, diamonds in mouth look like I ate glitter  
And bae brought her bae with her, double play, nigga, oh

Y'all niggas like, y'all niggas  
Y'all niggas like extra skin on my dick  
Y'all niggas like extra skin on my dick  
And y'all bitches look excellent on my dick  
Y'all bitches go equestrian on my dick  
Y'all niggas like extra skin on my dick  
Y'all niggas like my exes still on my dick  
Y'all niggas like extra ticks on my shit  
Y'all niggas like protection, nigga, y'all might slip (Bah)
