

So Dedicated

Lil' Wayne

Uh, She so sophisticated
She'll catch a nigga nut and then refrigerate it
I wear a rubber and we fuck till we get hydrated,
I pull it out, bust on her face and call her cry baby
I kiss her neck, I kiss her stomach and then I kiss that pussy,
And then I eat it from the back, but I don't do crack
And then I get this monster hard and ask her where to put it?
She tell me Tunechi hit it raw, I tell that bitch you crazy
Don't want no HIV, don't need that honey, move to vegas?
It's YMCMB, the fuckin' alpha and omega
The presidential Double R, call it Ronald Reagan
I fuck yo bitch we cum together, call that congregating
I be balling on these Niggas, Sports Illustrated
Tough in the streets, but you in a court with a statement.
Ain't that a bitch? Man, kill everybody but the babies
Give that bitch nigga the blues till he fuckin navy
Uh...

Man I be ridin around with that yoppa,
I pop a nigga like..
All you hoes get topless
Suck this dick till its spotless
Too many hoes I got options
I ain't never trippin', you can ask bitch.
I'ma send em back with her pussy lips looking just camel lips
You fuckin with some real niggas, blow your fuckin head off
They say life is a bitch, I hope that bitch a red bone.
All I know is get money, bitch aint gettin shit from me.
Fuck a six pack, six bullets give you six stomachs
Tell her how that pussy taste
She's been eating pineapples
Throw it back like a Quarterback
Hit that ass like a Linebacker
Put that pussy on me
We caught up in the moment
AK with a hair trigger
Nigga don't make me comb it
It's like a full time job not to kill niggas
Some of my homeboys job is to kill niggas
Yea, cause I'm still on probation
Write yo name on the bullet thats a dedication
4...
