Lil' Wayne

Life, life
Need you in my life
Need you in my life
(Hitmaka)

She said (2 Chainz), "It's so hard to reach"
Don't know what you're really lookin' for
Tell me if you need to
Tell me I'm the one you're lookin' for
Don't wanna be a secret
Transparency, when you look at me
You know I can teach you (Ooh, yeah)
"Teach you everything, show you everything" (2 Chainz)

I can't even lie, sometimes I ain't shit (Nah)
But I'd die for you, and that's some real shit (For real)
I finally got one that make me say, "This my shit"
She so thick, it's kinda hard to say skinny dip (Ooh)
Joint ventures, put the cribs in rotation (Yeah)
Yeah, I'm cuffin', put the pussy on probation (I did)
She need suntan lotion for this vacation
You might get a postcard from this location

She said, "It's so hard to reach" (Yeah)
Don't know what you're really lookin' for (Alright)
Tell me if you need to (To)
Tell me I'm the one you're lookin' for
Don't wanna be a secret
Transparency, when you look at me
You know I can teach you (Ooh)
Teach you everything, show you everything"

Transparency
What you see is what you get, that's clarity
See my heart through my eyes, that's magically
I see your soul through your clothes, that's anatomy
She see through me like binoculars, she got Cyclops in her
I see me in her esophagus like I got on oculars
I know you see us, no disguisin' us, no camouflagin' us
That love is obvious and transparent if you watchin' us

She said, "It's so hard to reach" (Yeah, oh)
Don't know what you're really lookin' for
Now tell me if you need to
Tell me I'm the one you're lookin' for
Don't wanna be a secret (No)
Transparency, when you look at me
You know I can teach you (Ooh)
Teach you everything, show you everything

My truth, 911, baby, it ain't got no roof (Alright)
Yeah, put you on the moon
Take you places like Tulum, then Cancún (Alright)
Oh, you don't need to be scared to touch your body
Your glue drippin' all on my body, huh
I ain't in a hurry, girl, you got me stuck
I can't get enough (Yeah)

It's so hard to reach (Oh)
Don't know what you're really lookin' for
Now tell me if you need to (Talk to me, talk to me, yeah)
Tell me I'm the one you're lookin' for
Don't wanna be a secret
Transparency, we don't let 'em see
You know I can teach you (Ooh)
Teach you everything, show you everything

It's okay, it's alright (Oh)
They gon' see you in your best tonight
It's alright, we gon' step out (Ooh)
They gon' see, with your hair down (Oh-oh)
Transparency (Oh) transparency
Thank you, we love you, peace
