I gotta medicate so I can resonate
That made me featherweight, so I can levitate
Into a better place, I don't care where you stay
Better, they better, but that's how you better stay, wait (Wait)

Two, no buss downs, one bling-bling, one bling-blaow (Wow)
Just fucked my ex, don't know why, don't know how
Play with that XBOX all night like a child
Oh me, oh wow, baby, show me around
I said, "Show me your world," I said, "Now, show me out"
Yeah, laid on that bitch, I skate on that bitch
I wave to that bitch, I gave her a kiss
Can't give her my world, but I gave her the dick
