

# Weezy N Madonna

Lil' Wayne

You can throw up peace, I'm throwin' squad up  
Had to get the dreads bleached, the James Blonde look  
I'm 'bout to put my hands on her like E-Honda  
She walkin' around in a Young Money Tee without a bottom  
She squad  
It's a Secret society, These niggas tiny, I'll be your body  
Screaming, Money Team, money Team, Money Team, Mula, Screaming, Money Team,  
Money Team, Money Team  
From the Roof tops

Young Tune winnin' now  
You know I been winnin' then and now, anyhow  
Anyway, Don't start no shit if you can't finish loud  
I've been away, I've been around  
I've been busy doin' business  
Mind your business 'fore I shut your fuckin' business down  
She say my lyrics like a lifeline when she down  
She checkin' bitches off my timeline when she down  
But all them bitches on the sideline, Out of bounds  
Watchin' us play around

Stephanie and Weezy now  
The birds birds birds are you singing now?  
They gonna' keep a lil Puerto-rican out  
A lil' souvenir gotta get me now  
Haul ass on a bitch all in the fast lane  
Turn Xan on your bitch you are just Plain Jane  
I just laugh at the shit with my bad bitch gang (gang gang)  
Cause' you ain't a bad bitch without a YM chain

I second that shit you ain't lyin' that's game  
I tell your nigga meet me outside in the rain  
I shoot him up like a hundred times then again, again & again  
Are you not entertained?  
Ain't no better drugs than the ones I know  
I don't wanna dine on bitches I don't know  
I don't usually do this unless I'm drunk or I'm high  
And right now I'm both, Got me talking bout you hoe

Said she really love the blonde look  
So she dyed her shit we look like Weezy and Madonna  
Screaming, Money Team, money Team, Money Team, Mula  
And I'm screaming  
Fuck your team, Fuck your team, Fuck your team, Like 2Pac  
Sip Slow  
No blowin' highs, No killing vibes  
We touch each other, Touch the sky  
She rub her eyes  
She cried Money Team, money Team, Money Team, Mula  
She cried Money Team, Money Team, Money Team, And I zoom out

I Said "Tell me who you loyal to ?"  
Is it Weezy? Is it Wayne? Is it Tunechi? Is it Gang? Or these no-  
names hanging with a nigga with a name?  
How you poppin' pain pills and you living with the pain?  
You can't tell me that ain't horrible  
And my love always free when the lights get dark

I know love isn't cheap I got a nice-ass job  
You look pricey to me, I'll rip your price tag off  
Baby "Tell me who you loyal to ?"  
Does it start with the money or the man?  
Does it end with your heart in your hand?  
Fuck it if the money bag in the other hand, That was the plan  
Let that nigga spoil you  
I guess somebody else on grind mode  
But a nigga that provide though  
Put his pride to the side though  
You my slime so... Tunechi

Said she really love the blonde look  
So she dyed her shit we look like Weezy and Madonna  
I'm 'bout to put my hands on her like E-Honda  
Cause' She walkin' around in a Young Money tee without a bottom  
Screaming, Money Team, money Team, Money Team, Mula, Screaming, Money Team,  
Money Team, Money Team, Zoom Out  
Nigga you could throw up peace, I'm throwin' squad up  
Had to get the dreads bleached, The James Blonde look  
She saw my pic on IG, Now she's inspired  
She dyed her shit we look like Weezy and Madonna  
Yeah, Yeah, Yeah  
That's Some Sick Shit  
Money Team

See, this Dedication mixtape series is so important to the culture because they say it is. It's plain and simple, plain and simple. I don't label it important to the culture. If I have ever labelled it important to the culture I was feelin' myself and smellin' my drawers -- uh, pause -- I'm old, my mama used to always say that, my grandma used to say that "You smellin' your drawers." -- but anyway, I don't know if y'all people say that, I'm from the south -- but yeah, the Dedication mixtape is important to the culture because the culture say it's important. So that's why I still jump my ass in these motherfuckin' booths, wherever I can find a booth, most likely the same one, and do my motherfuckin' thing. And I gotta keep doing my thing and that's why I do my thing because the culture say it's important. They say "We want that, we need that, we gotta have that." It make the-it make the world know what I mean? It make the music world spin, and that's what it's all about, and it's 'cause they say it.
