

# When They Come For Me

Lil' Wayne

Tell them boys i'll be hell when they come for me  
Me and every single nigga that got love for me  
See i got money on my mind  
But the haters wont leave me alone  
So im ridin everyday with every pistol that i own

Tell them i'll be hell when they come for me  
Me and every single nigga that got love for me  
See i got money on my mind  
But the haters wont leave me alone

The streets love me  
But how long will they morn

Look

I never fold  
But i just take my chance

I let life deal  
And i just play my hand  
Protection off safe  
I look straight ahead  
"i got them niggas weezy"  
Thats what the 380 said  
U gotta play in the field to get paid  
And then u gotta go lay in that bed that u made  
Its cashmoney this that army bregade  
And im spittin like i ate a grenade  
Im dippin in that apron to fade  
Hittin 4 with the butt  
Put the wings up and straight show em my gutt  
Hate my swagga so mean  
And i kno how to operate that machine  
(bllllllllllllrrrrrrr)

Tell them boys i'll be hell when they come for me  
Me and every single nigga that got love for me  
See i got money on my mind  
But the haters wont leave me alone  
So im ridin everyday with every pistol that i own

Tell them i'll be hell when they come for me  
Me and every single nigga that got love for me
