Bitch, I'm a dog, I turn to a werewolf  
I see her and fuck on her legs, and  
Me and my dogs pull up in a Tesla  
I'ma buss down the perpetual  
Got it too hard, it's gone bust your retina  
With diamonds that covered like eczema  
Me and my dogs don't fuck with the rest of 'em  
Don't fuck with the rest of 'em  
Me and my dogs don't fuck with the rest of 'em  
We treat 'em like veterinarians  
Me and my dogs pull up in a Tesla  
I'ma buss down the perpetual  
Got it too hard, it's gone bust your retina  
With diamonds that covered like eczema  
Me and my dogs don't fuck with the rest of 'em  
We treat 'em like veterinarians  
Me and my dogs, we come to your area  
We gon' go hard just like DMX and them (Rr)

Fresh out the pad boy, bitch, I'm a hot boy  
Red ass dot, boy, duh-duh-duh-dot boy  
Shoot every spot, boy, back just top boy  
Shoot out like cowboys, Dak Prescott, boy  
Percs get popped, boy, yes I'm a hostage  
Xanny get popped too, that's for my conscience  
Addy get popped too, now I'm a zombie  
Muscle relaxant, that's for my posture  
I'ma do acid, now I'm obnoxious  
Sip cotton candy, pop out to cotton  
Hold you for ransom, now you the hostage  
Call up your family, give 'em the options  
Tell 'em to cash it, put 'em in boxes  
Do not deal with 12 'cause you dealing' with monsters  
If everything fail, then we killin' your momma  
We all go to Hell but right now we on fire  
I'm talkin' that shit, yeah, and I'm walkin' that shit like a dog in this bitch  
That's your dog, he a bitch, yeah  
He was barkin' and shit, now he eatin' his words  
Tell 'em gargle and spit, don't be startin' no shit  
When you start up in this, put your heart in my fist  
Squeeze your heat 'till it squish, then I wash, not rinse  
Give your daughter a kiss, then we slaughter that bitch
