

Ya Don't Stop

Lil' Wayne

Yeah, baby bro
It don't stop, don't stop
It's the biggest in the game
You know what it is, yo
(Maybach Music)

Tats in my face, bags still at Chase
All white ones at the pearly white gates
Trunk full of bass, white tigers at the crib, uh
Joe Exotic pets in the bed with a bitch, uh
Duckin' the feds with a brick
Shots in the crowd like it plays with the Knicks
Lean like Lebron very rare that I miss
Cars by the sets every pair that I pick, uh
Lamborghini on the wrist
How you braggin' on the watch? You just a preemie with the chips, boy
Cold nights play with my heart, you'd rather hold lice
Roll dice, head crack, no longer lowlives
Abort the projects we was raised in
Bust down a million and send it to niggas caged in, uh
Hundred kilos in the Days Inn
I'm tryna get it like niggas who still payin' rent (Biggest)
(Maybach Music)
That's right
It don't stop, don't stop

Uh, yeah never satisfied, forever appetite (What?)
Jesus Christ
They don't know nothin' 'bout sacrifice (Nothin')
Niggas want the perks without doin' all the work (What?)
They don't see all of the hard work, they just see all the results
(Yeah, baby bro)
Bitch, we never satisfied (Never)
Forever appetite (What?)
Jesus Christ
They don't know nothin' 'bout sacrifice (Whoa)
Niggas want the perks without doin' all the work, it don't stop, nigga

I don't stop, I can't stop, I won't stop
I can't breathe, especially, when your knee is on top
Deep breath, uh, microphone drop
I keep goin' like the freeway, shoutout Freeway, it's the Roc
I got guns like Fortnite, a sharp tongue for sword fights
I look like a born-again Christian Dior, right?
I'm not contrite, I ain't litty my nigga, I'm dynamite
Keep a Rowdy Rod Piper for niggas who get too piped up
I'm a sniper with this rifle, I'm spittin' like it's a cypher
You decipher, is you Mike, is you Beckford, or is you Tyson?
I got ice on top of ice on my neck, crawlin' like spiders
Spiderman mask, gun in my hand before the virus
I sleep with one eye opened, one closed, like a pirate
I'm a gun on silent
Pew, pew, pew
Pump up the volume
Shots come at high volume, you slumpin' like you on valium
Money don't stop, Arabian money, I need a Camel, nigga

It don't stop, don't stop
Yeah never satisfied, forever appetite (What?)
Jesus Christ
They don't know nothin' 'bout sacrifice (Nothin')
Niggas want the perks without doin' all the work (What?)
They don't see all of the hard work, they just see all the results
(Yeah, baby bro)
Bitch, we never satisfied (Never)
Forever appetite (What?)
Jesus Christ
They don't know nothin' 'bout sacrifice (Whoa)
Niggas want the perks without doin' all the work, it don't stop, nigga

Yeah, baby bro
It don't stop, don't stop
