

Block Beaming

Lil Xan

I ride through the snow in a black Beamer
Every time I get a girl she always think I'mma keep her
I don't care if she a keeper
I'm a legend undefeated
If I want something I keep it
Aye

If there ain't no second chances, I'mma go ahead delete it
If you think it, then believe it
You a hater best believe it
Yeah yeah best believe it yeah yeah best believe it

I don't pay no mind cause I'm out here getting money
If I wasn't I'd be hungry
Everybody think I'm funny but this ain't no being funny
Yeah yeah this ain't no being funny
I was let down, backed out
Had to find myself now
Living in the hood when we were kids that shit was no joke
Had to pee In cups, parole knocking everyday, couldn't let my family get taken away
Don't let me get taken away
You'll never get taken away
Don't let them take them away, don't let them take you away

I ride through the snow in a black Beamer
Every time I get a girl she always think I'mma keep her
I don't care if she a keeper
I'm a legend undefeated
If I want something I keep it
Aye
