Bitch I'm back (yeah) I'm really back
I took some time, I needed that
We back outside, I got a Rollie tellin time
My life a movie man you gotta press rewind
Run it back

Bitch I'm back (yeah) I'm really back
I took some time, I needed that
We back outside, I got a Rollie tellin time
My life a movie man you gotta press rewind
Run it back

Think it's time to show you that's it's bout that time
I ain't fuxking round, this my 9 to 5
Made a couple milly just from rhyming lines
I don't fuck with people, everybody round me lie
Get your shit together, and we can be together
It's hard to tell if girls just want me for my clout
It's either that or they just want me for my back account
Can't fuck with LA girls, they fake as fuck as they can get
Don't hit my line unless you talking money no basic shit
Crazy women on my dick but I won't give em it!
Run it back, run it back, run it back, run it back

Bitch I'm back (yeah) I'm really back
I took some time, I needed that
We back outside, I got a Rollie tellin time
My life a movie man you gotta press rewind
Run it back

Bitch I'm back (yeah) I'm really back
I took some time, I needed that
We back outside, I got a Rollie tellin time
