

Won't Overdose

Lil Xan

Xanarchy

And I've been broken, I've been lost
I feel hopeless, I've been down that road before
They don't love you 'til you're gone
Back and forth, I right my wrongs, won't overdose

I just wanna show you that I care for you
I just wanna show you that I'm there for you
I just wanna be there when you cry at night
I don't wanna let you slip out of my sight

And I've been broken, I've been lost
I feel hopeless, I've been down that road before
They don't love you 'til you're gone
Back and forth, I right my wrongs, won't overdose

Yeah, haha, yeah, yeah
I've down that road (Uh), they can't take my soul (Yeah)
A lot of people switched up on me, I don't see 'em 'round no more (No more)
Lot of snakes in the grass, coming 'round, so I dub those hoes (Yeah)
I got love back home (Yeah), I'ma take my throne (Yeah)
I'ma take my throne (Ooh), everything that I own (Yeah)
Wish I'm bad to the bone, wish I'm bad to the bone
Please, don't ring my phone unless you promise to come over
My life ain't been too easy since I found out we got sober, I know

And I've been broken, I've been lost
I feel hopeless, I've been down that road before
They don't love you 'til you're gone
Back and forth, I right my wrongs, won't overdose

Overdose
I won't, I won't, I won't overdose
I won't, I won't, I won't overdose
I won't, I won't, I won't overdose
I won't overdose
