Lil Zay Osama

(JTK)

Hmm

Left me for dead, they left me stranded, they leave me buried  
OTF inside my eyes, it's Only The Family  
I can't kick anxiety and Mookie poppin' Xanax  
Everywhere I go, the trenches with me, I can't hide that  
In your city with that glizzy, foenem rob you bad-bad  
'Member waitin' outside the venue, I'm like, "Where my ride at?  
" (Where my ride?)  
Gotta stay focused, can't get sidetracked, I need that bag-bag  
Opps don't got no block to post on, I don't know where to slide  
at

We don't care how a opp go, we gon' fuckin' slide down  
Hot cars on the E-way after we just blew that crowd down  
'Member they ain't even used to post me, they wanna be around n  
ow  
I used to love them loud sounds, I'm cool, I got a child now  
I'm tryna put on for my block, tell them to put me them charts  
Folks wanted me to be a rapper before I went shootin' at my opp  
s  
And my mama on Section 8, I ain't never get to see my pops  
Feds booked me out of state, said I had a switch on the back of  
my Glock  
Uh, no, no, no, no, no, no, no, no  
No, no, no, no, no, no, no, no  
No, no, no, no, no, no, no, no (Uh)
