May all my enemies scatter before me
Many try but fail if they come in my way
Behold I'm blessed, Jah Jah cover me surely
Is a must the works haffi live out these days
May all my enemies scatter before me
Jah make me see all my enemies scatter

Yo it nuh funny how some dummy pree mi situation
No communication with no dutty pagan
Always find a reason fi fight we from day one
Still the songs a lock di place and play pon every station
No interview, not into you, no take interrogation
Mi no owe no explanation fi me generation
The messages prophetic, watch the revelation
Dem a wonder weh we get it from, comin like the plane land
Spiritually keep it calm, no matter when dem might attack
Lyrically like a scammer due to how dem line ya chop
Financially I'm Micheal Lee Chin overseeing all my stocks
Pardon me if I don't really find a reason to react
Who a chat fi chat, Jah done have we back
Diggy have it lock, Job lane pon the map, solid as a rock
A who fi answer that, a this dem wah fi stop
Cause from you climbing to the top, dem quick fi wah attack
Jah make me live fi see

May all my enemies scatter before me
Many try but fail if they come in my way
Behold I'm blessed, Jah done cover me surely
Is a must the works ago live out these days
May all my enemies scatter before me
Jah make me see all my enemies scatter before me

Come in like them never hear
When Jah done did make it clear
Don't you ever touch the Lord anointed
See my table a prepare
In dem presence I no fear
Even if them have we all surrounded
Oh Jah guide my step
No lef I alone
Member say dem did reject the head corner stone
I nah fi fret, no threat nor no stone
Could a make me go figet who sit pon the throne
Him a make me see

All my enemies scatter before me
Many try but fail if they come in my way
Behold I'm blessed, Jah done cover me surely
Is a must the works ago live out these days
May all my enemies scatter before me
Jah make me see all my enemies scatter before me

If we do wrong they complain
Even when you call the fathers name it's the same
What they want us to do
Don't they know this is nothing new
Why won't they do what they want and let us doing our thing

And just be thankful the light of hope is still shining
Shining
