

Complete

Lila McCann

I'm half a woman, with half a heart and half a mind when we're apart

But when you're here with me I'm complete

My heart had been so uninspired love left a lot to be desired

But when you're here with me I'm complete

You're the half that makes me whole the missing piece, my second soul

Your love fills all my needs baby when I'm with you, can't you see

I catch my breath, I lose my cool I watch my heart break every rule

But when you're here with me I'm complete

You're the half that makes me whole the missing piece, my second soul

Your love fills all my needs baby when I'm with you, can't you see

I'm satisfied, I'm so content now my world makes perfect sense
When you're here with me, I'm complete I'm complete, oh baby
