

Did you shiver as the steel went through you  
All eyes focused on your ride  
Their words became your cyanide

Could you ever believe in a secret  
That would make you whole again  
As you bathe in the fallout from on high

How does it feel  
To be divine

Did you leave us so they'd start to wonder  
Such a primal intensity  
Disappointment for the world to see, yeah

Did you ever believe it would end here  
As a ghost ripping through their fears  
Did you come back to bid your last goodbye

How does it feel  
To be divine  
Why do you kneel  
You're so divine

[Guitar solos]

Now and then we have the pain to remember  
Just how ugly we've all become  
Do we have to destroy just to pass the time

How does it feel  
To be divine  
Why do you kneel  
You're so divine, yeah  
How does it feel  
How does it feel  
To be divine  
Why do you kneel  
You're so divine  
You're so divine
