

## Little Johnny

Lilly Wood & The Prick

If I wasn't that way, you wouldn't know of try  
If I had to try there ll be no where to go.  
But if is no where to go  
Little Johnny's gonna cry.

If little Johnny's gonna cries  
There'll be no where to go.  
But if is somewhere to go  
little Johnny's gonna smile.  
If Little Johnny smiles there'll be somewhere to go

Right there, is somewhere to go, somewhere to go

If [?] you'll know which way to go,  
cause the end of the road is not that far  
The road, the road, is not a long road  
No its not a long road

Right there, is somewhere to go, somewhere to go
