

# Silver Spoon

Lily Allen

[Verse 1:]

So I went to posh school  
Why would I deny it?  
Silver spoon at the ready  
So don't even try it  
Yeah the house I grew up in it was Georgian  
Ten bedrooms, beautiful proportions  
Can't say that life isn't easy  
Double negative: can't nothing please me?  
Only make it here  
Cause of my daddy  
Fuck your tea bags  
Yo, where's my tea caddy?

[Pre-Chorus:]

(This life, that life)  
Life isn't fine but we all can try  
(Not fair, it's not right)  
Doing my thing I'm just  
Keeping my head down and...

[Chorus:]

Do we have to  
Keep talking about  
Where you think it is I'm from?  
And I'ma make you see  
You don't know me  
You don't know me  
No things never change  
No telling some people  
I don't believe  
I'm still here  
Still telling you that you're wrong  
And aren't you losing sleep?  
You don't know me  
You don't know me  
No things never change  
No telling some people

[Verse 2:]

So I got a trust fund, so what am I doing?  
Buying property, can't be bothered with the viewings  
I'm getting hungry, could you fetch my butler?  
Step back I couldn't be any humbler  
Sucked dick, got signed to a major  
I'll do anything just to entertain you  
I'm from West 11, and when it's over  
I'm going straight to heaven in a Range Rover

[Pre-Chorus]

[Chorus]

[Bridge:]

Round and round again (Oh, oh)  
Please could you repeat the question?  
Driving round the bend (Oh, oh)

I've heard it all before, and then some  
Round and round again (Oh, oh)  
Please can you repeat the question?

Doing my thing I'm just  
Keeping my head down and...

[Chorus]

[Outro:]  
And I'ma make you see  
You don't know me  
You don't know me  
No things never change  
No telling some people

And aren't you losing sleep?  
You don't know me  
You don't know me  
No things never change  
No telling some people

And I'ma make you see  
You don't know me  
You don't know me  
No things never change  
No telling some people
