

# Hurricane Punch

Lily Kershaw

You only like the beginning  
Dark rooms cold nights got you winning  
You only like what you don't own

You tell me stories  
And you tell me sweet lies all the time  
And you told me I've gone crazy  
But how could I not lose my mind

You got me going straight out of my head  
You got me going straight out of my mind  
You got me going straight out of my head  
You got me going straight out of my mind

I walked around till the pill sunk in  
I've been circling through all our sins  
You make me wish to save a world  
I'm not in

Oh hurricane punch, give me the good stuff  
Let's go out tonight  
'Cause when your girl is the loneliest thing  
In the world

You got me going straight out of my head  
You got me going straight out of my mind  
You got me going straight out of my head  
You got me going straight out of my mind

My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind  
My mind

You only like the beginning  
Dark rooms cold nights got you winning  
You only like what you don't own  
You tell me stories
