

# Soft Dark Nothing

Lily Kershaw

Goodnight Goodbye Good luck Don't cry  
It's the edge of it all  
It's the edge of it all  
All my friends at the end of the world I hope to see you again  
It's the end of this time  
It's the end of our time

Oh how little did we know  
We had such a long way to go  
When you sleep tonight  
You'll be in my dreams  
Soft kind of love  
Soft dark nothing comforting me  
And the earth went quiet  
And the air went still  
I feel you now more than I ever will

So we break and we bleed and we hurt and we need  
To feel whole to feel free  
To feel like you to feel like me  
In the end weren't always friends  
We saw the fault lines  
And we made amends  
Wasn't all you  
Wasn't all me  
We took our hits  
And now we see

Oh how little did we know  
We had such a long way to go  
When you sleep tonight  
You'll be in my dreams  
Soft kind of love  
Soft dark nothing comforting me  
And the earth went quiet  
And the air went still  
I feel you now more than I ever will
