Like the feeling in my dreams  
I'm seeing holy gleams  
Became another fate  
I'm in heaven up above  
In heaven up above  
When he turned my light on  
Ha ha  
I see all brighter  
Ha ha  
We making love 'til dawn  
Ha ha ha ha ha  
Making love up 'til dawn  
Ha ha ha ha

Suddenly I'm feeling cold heart  
I'm sinking low down  
I'm in water  
Once I dreamed I was a butterfly  
But it dazed off my mind oh  
I wanna fly  
I wanna fly  
I wanna fly  
Wanna fly up stargazing  
But it dazed off my mind  
I wanna fly  
I wanna fly  
I wanna fly  
I wanna fly

Koko  
Koto  
Toko  
Pigments on my eyes  
Am I longing for eternal heaven

But I'm feeling cold heart  
I'm sinking low down  
I'm in water  
Once I dreamed I was a butterfly  
But it dazed off my mind oh  
I wanna fly  
I wanna fly  
I wanna fly  
Wanna fly up stargazing  
But it dazed off my mind oh  
I wanna fly  
I wanna fly  
I wanna fly  
I wanna fly

When water comes in by  
I'm in love  
But water is draining out  
Now it's gone  
What I've seen from my eye  
Was it love  
When water comes in by

I'm in love  
But water is draining out  
Now it's gone  
What I've seen from my eye  
Was it love

I still swimming in love  
I can't get out of here  
I'm in water  
Once I dreamed I was a butterfly  
But it dazed off my mind oh  
I wanna fly  
I wanna fly  
I wanna fly  
Was it a daydream  
But I'll keep on stargazing  
It's so amazing  
I wanna fly  
I wanna fly  
I wanna fly  
I wanna fly
