My heart won't
Break like glass
But it's like a small and soft leaf
Just be hearing
The sound of your breath
It quietly trembles like this

Looking closer
Your fingers are so thin
I don't think you'll hurt me
But for some reason
Without knowing
A familiar fear creeps over me

You slowly fold me
Will I be a flower on top of an empty desk?
But whatever it is
I wouldn't care

After I waited
As the day passed and fell asleep
I saw that
You gave me wings
If I close my eyes
I feel like I can fly

You slowly fold me
Will I be a flower on top of an empty desk?
But whatever it is
I wouldn't care

After I waited as
The day passed and fell asleep
I saw that

You gave me wings
If I close my eyes
I feel like I can fly

I saw that
You gave me wings
If I close my eyes
I feel like I can fly
