I may have more things  
I don't know than I do know  
But things I think  
I will know keep increasing dear  
Before, I would've just laughed it off  
But now I have a lot of things I should know, dear

If you make me cry  
It'll be too high  
That it'll feel risky and faraway  
But not deluded  
If you let go of me  
It'll be too deep  
That I don't think  
I could get out again but not deluded

I owe you in every  
Long long way  
You upgrader are doing  
Your job all the way  
You owe me in very  
Lone lone way  
I upgrader am with you

I'm not the courageous type  
So you gave me  
Little by little every day  
People ask me why  
I have so much pride  
Then I remember  
How you gave to me every day

Even if I have more things  
That I lost than I gained  
Things that fill up are increasing dear  
Before I would've just let it go  
But there are more things  
I want to know, dear

When you listened to me  
It was so comfortable  
I felt cozy and fell into it  
But not deluded  
When you held me  
Us two, us two, us two  
Still not deluded

I owe you in every  
Long long way  
You upgrader are doing  
Your job all the way  
You owe me in very  
Lone lone way  
I upgrader am with you  
Along the way
