

# Yellow

LIM KIM

I fire the bomb

Asuka told me I  
We the kumi for girls  
Wear fuku with the rose  
I'm defining my own

We do it like no other man  
I'm just being me  
Asian girls sing like me  
Singin' like a queen

I fire quiet  
But flames up high  
And I fly high  
Blow your pants on fire  
Fly (I go fu fu ta)  
Shimai la la layo

Yellow, yellow, yellow, yellow  
Feel me? See me? Queen  
I choose my own fucking seat  
Yellow, yellow, yellow, yellow, yellow  
Feel me? See me? Queen  
I choose my own fucking seat

I, I  
We yellow, yellow, yellow, yellow  
See who's the fucking queen  
Who's the fucking queen  
I, I, I

I burn their lips in bright pink  
My flavor's like wasabi  
It's not your typical taste  
Our style lookin' so kawaii  
I'm switching rules  
Get money  
Was born in flame  
Untamed as wild state  
I'll never bow to you (Bang)

This is Asian phenomenon  
Yellow female strikes back  
My hair's growing thick as desire  
We living dreams, making dreams  
Fuck yeah, we'll be ahead of the game

Yellow, yellow, yellow, yellow, yellow  
Feel me? See me? Queen  
I choose my own fucking seat  
Yellow, yellow, yellow, yellow, yellow  
Feel me? See me? Queen  
I choose my own fucking seat

I, I  
We yellow, yellow, yellow, yellow

See who's the fucking queen  
Who's the fucking queen  
I, I, I

Lala lala lala la lalala  
Shoot flames  
I'm the queen from the east  
Lala la lalala la la lalala  
Queen of east and the west  
We the ninja

Pushing boundaries  
(Cut sharp, shoot, swing)  
Yeah, we armed with the weapons  
(Cut sharp, shoot, swing)

Female fighter  
Throwing rebellious ball

Break domes of male dominance, hey  
We yellow, yellow, yellow, yellow  
Break domes of male dominance, hey  
We yellow, yellow, yellow, yellow

Who's the fucking queen?  
Who's the fucking queen?  
We yellow, yellow, yellow, yellow  
Who's, who's the fucking queen?  
Who's the fucking queen?  
Who's the fucking queen?

Cold-blooded gal  
Boss bloods in my bones  
Break chains  
Make it loud, your inner voice  
Make it loud, your inner voice

Wild storm, can't keep out calm  
I'm the yellow killa
