

Frayo

Limahl

Stop don't move he's hot a gun on you
Halt he's armed, it's military rule
Don't be frightened don't be scared everything is fair

You will obey, it's what the people want
Speak out of turn, well you just simply can't
So you're equal and you share, everything is fair but

CHORUS

We are frayo
We are frayo
We are frayo

Work for the land, a much desired way
You'd get more on Mars and probably better pay
Don't be frightened don't be scared everything is fair
Here the choice is ours, oh how lucky we are
To decide for ourselves or wishing on a star
So you're equal and you share, everything is fair

Repeat CHORUS to fade.
