Rivers

Limahl

VERSE 1
Have you seen the footprints
Laying side by side in the sand?
I can see they belong to me,
But I can't identify the pair of the other man
Where do they come from?
I don't know I just can't understand
How anybody could walk by me
Lifting me up, and taking my hand
I need to know
Why do these footsteps follow me yeah?
Rows and rows of footsteps
I've found following me

CHORUS
Rivers of love flowing out of your ocean
Rivers of love flowing out of your sea
Rivers of love flowing out of your ocean
Come along flow to me

VERSE 2
Why do you take my burden
When the road gets steep all the time
Is there no end what you'll do for me
Come along tell me now
What's on your mind
I need to know
Why do these footsteps follow me yeah?
Rows and rows of footsteps
I've found following me

Repeat CHORUS and fade.
