

Stay With Me

Limahl

You've been crying
I see it in your eyes
This fire inside our hearts
It's tearing us apart
But do we have to say goodbye

Stay with me
Baby please
There'll be ups and downs
But will work them all out
Stay with me

We talked it over
Said all there is to say
I know the truth we hide
Behind this foolish pride
Must we throw it all away

Stay with me
Baby please
There'll be ups and downs
But will work them all out
Stay with me

Stay with me
Baby please
There'll be ups and downs
But we'll work them all out

You got to stay with me
I'll get down on my knees
The thought of losing you
Is breaking me in two

Maybe it's not too late
Baby you know
We learn by our mistake

Stay with me
Baby please
There'll be ups and downs
But will work them all out
Stay with me
