

Big Drag

Limbeck

There's a sink full of dishes

No juice in the fridge

I'm trying not to go out

I'm trying to stay in the house

And I think "what am I doing?"

What am I doing?

I'm trying not to go out

On account of the drought

There's just a big drag going around

Last night I blew it

I played two games of pool and

I forgot my card

I left it at the bar

I dreamed that I went to

That thai place with you

You know the one that we went to

Two nights before

Now there's just a big drag going around

And I don't know why

And I'm no good at pool

And you know it's true

That there's just a big drag going around
