

Apple Crumble

Lime Cordiale

Mister
Got yourself in trouble
Kissed her
Now you're seeing double
Twisted
It's all gone apple crumble
Yeah, yeah, yeah, yeah

Mister
Got yourself in trouble
Kissed her
Now you're seeing double
Twisted
It's all gone apple crumble
Yeah, yeah, yeah, yeah

I saw them coming
But I didn't have the sense to make a run
I shoulda left
But c'mon baby I was having lots of fun
You know I love a special
And I love it when it's two for one
Now the next thing you know
They're both taking off clothes
And their shoes, I love toes
And I'm up to my neck
(Wait, what?)

I follow my nose
I don't know where it goes
But if you wanna flow
We could fly

Mister
Got yourself in trouble
(I'm in trouble now)
Kissed her
Now you're seeing double
(I'm seeing double now)
Twisted
It's all gone apple crumble
(Apple crumble)
Yeah, yeah, yeah, yeah
(Barney Rubble)

Mister
Got yourself in trouble
(I'm in trouble now)
Kissed her
Now you're seeing double
(I'm seeing double yeah)
Twisted
It's all gone apple crumble
(Barney Rubble)
Yeah, yeah, yeah, yeah

I follow my nose

I don't know where it goes
But if you wanna flow
We could fly

A sweet dilemma
Now I'm caught up in between two worlds
I'm in the centre
Of a Stella and a Gabrielle
One's a Scorpio
The other one's a UFO
I haven't told my wife
I really hope that she don't know
(Idris, what the?)
Oh, cherry pie

I'm only human
Flying round this world
I don't wanna break your heart
But I'm just a human
Floating through this universe
Hoping for some sunlight
I hope I get this shit right, girl

Mister
Got yourself in trouble
(I'm in trouble now)
Kissed her
Now you're seeing double
(I'm seeing double now)
Twisted
It's all gone apple crumble
(Apple crumble)
Yeah, yeah, yeah, yeah
(Barney Rubble)
