

Dignity

Lime Cordiale

People are stupid
We're learning from lies
Fighting for food
In the supermarket of life

You'd buy a new gun
And show all your friends
For now it's for fun
You'll turn on them in the end

The world is hot, baking up
You're telling us to eat cake
Cheap escape, real estate
Someone pulling your hair
The time is rough
There's no love, no love
Go and take a good hard look at yourself

Let's have some dignity
When nothing's falling from the trees
You'll blame the industries
When nothing's falling from the trees
Where's the chivalry?

We'll all be selfish
At the end of the day
Steal from your granny
Her pensioners pay

This roller coaster
Comes back round in a loop
I've been duped
How bout you?

The world is hot, baking up
You're telling us to eat cake
Cheap escape, real estate
Someone pulling your hair
The time is rough
There's no love, no love
Take a good hard look at yourself

Let's have some dignity
When nothing's falling from the trees
You'll blame the industries
When nothing's falling from the trees
Where's the chivalry?

I've been duped
I've been duped
How bout you?
I've been duped
I've been duped

Let's have some dignity
When nothing's falling from the trees
You'll blame the industries

When nothing's falling from the trees
Where's the chivalry?
