

Hanging Upside Down

Lime Cordiale

It sounds so bad on paper
Frankly, well it fucking is
Put away nice old things
For something that is new
Cheap car, cheap clothes
But in great taste

Adore your sex appeal
But of course
Goose bumps, hair stands up
I'm all for
Your perky tits
I'll adore
Is this really what I want
I'm not sure

In reverse
Everything is looking up
I'll come around
Come around
I'm upside down
In reverse
Everything is looking up
Pull me up
Pull me up
I'm upside down

Hang me up the right way
Right way round
Hang me up the right way
Right way round

It sounds so good
On the surface
And frankly
Well you know it isn't
Lately your something that is new
You've got backstabbing too rude attitude
But in great taste

Adore your sex appeal
But of course
Goose bumps, hair stands up
I'm all for
Your perky tits
I'll adore
Is this really what I want
I'm not sure

In reverse
Everything is looking up
I'll come around
Come around
I'm upside down
In reverse
Everything is looking up
Pull me up

Pull me up
I'm upside down

Hang me up the right way
Right way round
Hang me up the right way
Right way round

Lock your love up
Lock your love up
Lock your love up
Lock your love up

Lock your love up
But I'm open all the time
We had our way
But it's taking all my time
You roll your eyes
And I'm misunderstood
It can't be mischief if it
Feels this good

In reverse
Everything is looking up
I'll come around
Come around
I'm upside down
In reverse
Everything is looking up
Pull me up
Pull me up
I'm upside down

Hang me up the right way
Right way round
Hang me up the right way
Right way round
