

Strangers

Lime Cordiale

Isn't it strange that we have changed
Now I'm outdated?
When shit hits the fan
Then you can turn away or face it

We were caught between
Doona and covers
Like my first wet dream
Oh, she brought the colour
With her sunburnt cheeks
Crazy like her mother
I'm feeling woozy, yeah

Am I losing my touch?
Did we fall out of love?
See you gazing away
Yeah, we're strangers these days
And it sucks
Have we run out of luck?
People fall out of love
But, no, I never thought it'd be us
But, no, I never thought it'd be us

When did I get so bad at basic conversation?
Pushing through crowded bars
And chasing down your fragrance

We were caught between
Doona and covers
Like my first wet dream
Oh, she brought the colour
With her sunburnt cheeks
Crazy like her mother
I'm feeling woozy, yeah

Am I losing my touch?
Did we fall out of love?
See you gazing away
Yeah, we're strangers these days
And it sucks
Have we run out of luck?
People fall out of love
But, no, I never thought it'd be us
But, no, I never thought it'd be us

See you gazing away
I never thought it'd be us
Yeah, we're strangers these days
I never thought it'd be us
