

Cuts

Limi

Don't need no fake friends
I have enough
Don't need no fake love
Only the finest stuff
You say you need me
But your time is up
Now you're feeling guilty
You don't know when to give up
But you know
Just how to touch me the right way
You know
How to make me come back, yeah
You know
You can make me forget
While you're here in my bed, yeah
Oh

Crossing the line, yeah
Wasting my time
Yeah, yeah, yeah
Sweating your lies, yeah
Saying we're done
Yeah, yeah, yeah
Walking away
Just so you can come back to me
I don't know why
But I just can't decide
Yeah

You know these cuts go way too deep, yeah
Swear that I'm not gonna waste another summer
Putting my heart on a lease
For someone who keeps on running from me

Mmm
Save your lies cause I've heard it before
No taking back what's said and done
You know your words don't phase me no more
(Yeah, yeah)
See me getting colder now
I'm
Having the best of times
Running on brand new vibes
I'm
Leaving the past behind
Red when you hit my line (Line)
Never gon' find another me
Leave you behind, so rest in peace
I'm the one that got away now

You know these cuts go way too deep, yeah
Swear that I'm not gonna waste another summer
Putting my heart on a lease
For someone who keeps on running from me

Ooh
Keep loving, loving me

Keep loving, loving me
Keep loving, loving me
Yeah
Keep loving, loving me
Keep loving, loving me
Yeah

You know these cuts go way too deep, yeah
Swear that I'm not gonna waste another summer
Putting my heart on a lease
For someone who keeps on running from me

Ooh oh oh woah
