

Mona Lisa

Limi

Close your eyes and take a leap, yeah
The night is young, no one's asleep yet
Broken soul with no adhesive
Out here lonely, looking for someone to love
You got me looking crazy boy
Fucked up, I'm fading slowly
(Fading slowly)
Fit fire, the latest on me
(Latest on me)
Feeling myself, but low-key
(Low-key)
Low-key

I'm broken into pieces
But I feel so stable under your control
Tell me how you wanna see this
Where no one can see
Paint me up like Mona Lisa
So broken into pieces
But I feel so stable under your control
Tell me how you wanna see this
Set my body free
Paint me up like Mona Lisa

Mona Lisa, Mona Lisa
Mona-Mona-Mona Lisa
Mona Lisa, Mona Lisa
Mona-Mona-Mona Lisa
Mona Lisa, Mona Lisa
Mona-Mona-Mona Lisa
Mona Lisa

Tonight I bring the party
Ain't nobody in here what I'm used to
I'm on fire
Diamond heavy, oh
Birkin, Kelly, oh
St-st-stiletos on
Burning up the gas till I got nothing left
Pushed off the limit, ain't no coming back
And I ain't tripping, I just wanna see what's coming next
Coming next

'Cause I'm broken into pieces
But I feel so stable under your control
Tell me how you wanna see this
Where no one can see
Paint me up like Mona Lisa
So broken into pieces
But I feel so stable under your control
Tell me how you wanna see this
Set my body free
Paint me up like Mona Lisa

Mona Lisa, Mona Lisa
Mona-Mona-Mona Lisa
Mona Lisa, Mona Lisa

Mona-Mona-Mona Lisa
Mona Lisa, Mona Lisa
Mona-Mona-Mona Lisa
Mona Lisa

Oooh, Haa
Mona Lisa
Mona Lisa
Mona Lisa
