

# Empty Hole

Limp Bizkit

I see your demons  
They been reachin'  
For a reason  
To displace your love  
To disgrace your soul  
And leave you with  
An empty hole (An empty hole)

You fail to measure  
Turbulent weather  
I feel the pressure  
To erase your love  
To disgrace your soul  
And leave you with  
An empty hole (An empty hole)

Always when I need you (Empty hole)  
Always when I need you (Empty hole)  
Always when I need you (Empty hole)  
Always when I need you (Empty hole)
