

# Just Drop Dead

Limp Bizkit

Ok, where the hell you been?  
Said that you'd been hanging with your cute girlfriend  
Then I get a call, kinda woke me up  
Said that they saw you chillin' with this young little fuck,

I was kinda dazed and maybe confused,  
Never woulda expected this terrible news,  
Not only were you kissing this fool you been dissing  
You were playing me out  
Now you better listen

What the fuck is going on?  
Who the fuck do you think you are? (Bitch!)  
Cause for alarm  
Put up with your shit, begging me to stay  
Even though you run your fucking mouth everyday!  
I aint some punk ass dealing with your drunk ass  
Sure your mighty fine  
But you crossed the fucking line  
Now there's no returnin'  
This lesson that your learnin'  
Pulling down your panties  
And leave your ass burnin'

Cause I deserve more,  
I deserve more  
You act like a whore  
So just drop dead  
Just drop dead

Rewind  
Back to the start (Go)  
When we got together I gave you my heart  
You made a few mistakes  
But that's how it goes  
And every time I broke up you gave my ass a rose (aww)  
Saying that your sorry  
And I'm the only one  
Believed you like a chump  
While you were having fun  
I was feelin' lonely  
While you were with your hommie  
Ain't that a bitch?  
Now your boy can blow me

What the fuck is going on?  
Who the fuck do you think you are? (Bitch!)  
Cause for alarm  
Gonna put your shit begging me to stay  
Even though you run your fucking mouth every day!  
I aint some punk ass dealing with your drunk ass  
Sure your mighty fine  
But you crossed the fucking line  
Now there's no returnin'  
This lesson that your learnin'  
Pulling down your panties  
And leave your ass burnin'

Cause I deserve more,  
I deserve more  
You act like a whore  
So just drop dead  
Just drop dead

Cause I deserve more,  
I deserve more  
You act like a whore  
So just drop dead  
Just drop dead

There's love  
There's lust  
Then blood  
Then guts  
Your touch  
My crutch  
I trust you way too much

There's love  
There's lust  
Then blood  
Then guts  
Your touch  
My crutch  
I trust you way too much!!

You gotta lotta fuckin' nerve!  
Ya think this is a fuckin' tennis match? (Bitch!)  
Time for me to serve  
John Mackinroe  
Ready for me ho?  
Its 15-love  
Where the fuck they gonna go? (Huh?)

Where the fuck you gonna go? (Huh?)  
Where the fuck you gonna go? (Huh?)

What the fuck is going on?  
Who the fuck do you think you are? (Bitch!)  
Cause for alarm  
Gonna put your shit begging me to stay  
Even though you run your fucking mouth every day!
